

Head and Neck Track

***Preliminary Program. Subject to change without prior notice.

Wednesday, 18th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Thyroid and Parathyroid					
8:00	9:00	1:00	The Integration of Targeted Therapy and Surgery in Advanced Thyroid Cancer Clinical Trials	Mark Zafereo	Keynote lecture
9:00	10:00	1:00	Evolution of Thyroid Surgery	Hani Almarzouki	Keynote lecture
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Well differentiated thyroid carcinoma: review of current guidelines in management	Moderators : Saleh AlDhahri, Alain Sabri	Symposium
10:30	10:45	0:15	Active surveillance vs hemithyroidectomy in microscopic PTC	Roger Moukarbel	Symposium
10:45	11:00	0:15	Locally advanced / invasive	Alain Sabri	Symposium
11:00	11:15	0:15	Recurrent / residual	Chwee Ming LIM	Symposium
11:15	11:30	0:15	Molecular testing for advanced thyroid cancer and therapeutic implications/ immunotherapy in advanced thyroid malignancy	Jeff Haris	Symposium
11:30	12:30	1:00	Tumour board: medullary thyroid cancer (Extension of neck dissection , management of invasive MTC and persistent disease , integration of targeted therapy)	Mohammed AlEssa , panlist : Mark Zafereo , Mazen Mirdad , Kyung Tae, Shaza Samargandy , Nader Sadegi	Panel Discussion
12:30	14:00	1:30	Lunch Break + Prayer		
14:00	15:00	1:00	Thyroidectomy (Approach , access , extension)		Round table
14:00	14:10	0:10	Retrosternal goiter (Transcervical +/- Sternotomy)	Belayat Hossain Siddiquee	Round table
14:10	14:20	0:10	Transoral Thyroidectomy (indication , debate)	Kyung Tae	Round table
14:20	14:30	0:10	Endoscopic thyroid surgery		Round table
14:30	14:40	0:10	Reversion Thyroid Surgery , indication , extension and complication	Mohammed AlEssa	Round table
14:40	14:50	0:10	Management of post thyroidectomy hypoparathyroidism	Saleh AlDhAHRI	Round table
14:50	16:00	1:10	Controversis in Management of indeterminate nodule (AUS/FLUS)	Ashwaq Alwaqdani	Round table
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00	TBA		
Thursday, 19th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Thyroid and Parathyroid					
8:00	9:00	1:00	Neck management of thyroid cancer	Kyung Tae	Keynote Lecture
9:00	10:00	1:00	Poorly differentiated and Anaplastic Thyroid Carcinoma , controversis and aggressive management	Mark Zafereo	Keynote Lecture
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Mediastinal lymph nodes metastasis in well differentiated thyroid cancer	Yahya AlBadai	Keynote Lecture
11:30	12:30	1:00	Challenging cases in thyroid surgey	Moderator - Dan Oconnel Panelists - Hani Marzouki, Jeffrey Harris, Michael Hier, Shaza Samargandy, Kyung Tae	Panel Discussion
12:30	14:00	1:30	Lunch Break + Prayer		
14:00	15:00	1:00	Radiofrequency ablation In thyroid nodule (indication , management , long term complication)	Fernando Danelon-Leonhardt	How I Do It
15:00	16:00	1:00	New Technology and Treatment Strategies for Thyroid Cancer in 2023	Mark Zafereo	Keynote Lecture
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00	Parathyroid localization and Surgery	Moderator - Saleh AlDhahri	Workshop
			4 D CT Parathyroid Localization	Hani Almarzouki	
			Minimally invasive parathyroid surgery	Jeff Haris	
			Parathyroid cancer case series	Laila AlMasaoudi	
			Management of parathyroid cancer	B B Lorincz	
			parathyroid autofluorescence during endocrine surgery	Kyung Tae	
17:30	18:30	1:00	TBA		
Friday, 20th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Thyroid and Parathyroid					
8:00	9:00	1:00	Management algorithm of poorly differentiated thyroid carcinoma	Nader Sadegi	Keynote Lecture
9:00	10:00	1:00	Management of the retrosternal goiter	Maha Gilani	
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Combination of Goiter, Tracheal Narrowing, and Respiratory Manifestations: A Thyroid Syndrome?	Ali Saeed Al-Qahtani	
11:30	12:30	1:00	Lunch Break + Prayer		
12:30	14:00	1:30	Lunch Break + Prayer		
14:00	15:00	1:00	Lunch Break + Prayer		
15:00	16:00	1:00	Lunch Break + Prayer		
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00	Complications after Thyroid Surgery	Miro Tedla	Free Paper
17:30	18:30	1:00	TBA		
Saturday, 21st January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
Theme - Thyroid and Parathyroid					
7:00	8:00	1:00	Registration + Morning Coffee		
8:00	9:00	1:00	Lunch Break + Prayer		
9:00	10:00	1:00	Lunch Break + Prayer		
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Lunch Break + Prayer		
11:30	12:30	1:00	Lunch Break + Prayer		
12:30	14:00	1:30	Lunch Break + Prayer		
14:00	15:00	1:00	Lunch Break + Prayer		
15:00	16:00	1:00	Lunch Break + Prayer		
16:00	16:30	0:30	Afternoon Coffee Break		
17:30	18:30	1:00	TBA		
Wednesday, 18th January, 2023					

Head and Neck Track

***Preliminary Program. Subject to change without prior notice.

From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme-oral cavity /oropharynx/nasopharynx					
8:00	9:00	1:00	Follow-up in head and neck cancer after curative treatment: Is systematic surveillance the best way?	Roland Giger, Switzerland	Keynote Lecture
8:00	10:00	2:00	Nasopharyngeal Cancer		Round Table
8:00	8:15	0:15	Salvage Nasopharyngectomy for rNPC (how i do it)	Sheng-Po Hao, Taiwan	Round Table
8:15	8:30	0:15	Re Radiation for Recurrent Nasopharyngeal Cancer	Yassir Al Bayoumi	Round Table
8:30	8:45	0:15	Advances in The Management of Nasopharyngeal Carcinomas	Jason Y K Chan , Hong Kong	(Panel/ Round table)
8:45	9:00	0:15	Nasopharyngeal Carcinoma – Recent Update.	Belayat Hossain Siddiquee, Bangladesh	Round Table
9:00	10:00	1:00	Nasopharyngeal Ca	Sheng-Po Hao, Taiwan	Panel discussion
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing		
10:30	12:00	1:30	Neck Management in Oral Cavity Cancer		Roundtable Table
10:30	10:45	0:15	Current concept of lymph node management in oral cancer treatment	Benoît Schaller, Switzerland	Roundtable Table
10:45	11:00	0:15	Lymph-node management (Sentinel node, lymph node dissection)	Nicolas Fakhry, France	Roundtable Table
11:00	11:15	0:15	Selective neck dissections in clinically positive neck.	Luiz Paulo Kowalski, Brazil	Roundtable Table
11:15	11:30	0:15			
11:30	11:45	0:15			
11:45	12:00	0:15			
12:00	14:00	1:30	Lunch Break + Prayer		
14:00	14:30	0:30	TBA		
14:30	14:45	0:15	Surgical margins in Oral cavity cancer	Moderator: Pankaj Chaurvedi, India	Debate
14:45	15:00	0:15	Assuming safe resections and clear margins in oral cavity SCC	Antoine Melkane, Lebanon	Debate
15:00	15:15	0:15	Margin control in Oral Cancer	Pankaj Chaurvedi, India	Debate
15:15	15:30	0:15	Margins and neck management of early stage oral cancer	Luiz Paulo Kowalski, Brazil	Debate
15:30	15:45	0:15	Tumor resection and surgical margins	Nicolas Fakhry, France	Debate
15:45	16:00	0:15	Q&A		
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	16:50	0:20			
16:50	17:00	0:10	Unknown primary: work-up and treatment	Nicolas Fakhry, France	How I Do It
17:00	17:10	0:10	TLM/TORS in unknown primary.	Maha Gilani, Kuwait	How I Do It
17:10	17:30	0:20	Free Paper / Q&A		
17:30	18:30	1:00	TBA		Panel Discussion
Thursday, 19th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Oral Cavity/Oropharynx/Nasopharyngeal Ca					
8:00	9:00	1:00	Global Otolaryngology, bridging the gap	Sheng-Po Hao, Taiwan	Keynote Lecture
9:00	10:00	1:00	Oropharynx		Round Table
			Oropharynx: impact of HPV in the current management	Nicolas Fakhry, France	
			Indications, Results and Perspectives on The Management of HPV-Positive Oropharyngeal Carcinoma	Luiz Paulo Kowalski, Brazil	
			HPV Related OPSCC in Asia.	Belayat Hossain Siddiquee, Bangladesh	
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Technology/Basic Science		Roundtable
10:30	10:45	0:15	Cost-Effectiveness of Robotic and Endoscopic Head and Neck Procedures	Luiz Paulo Kowalski, Brazil	Roundtable
10:45	11:00	0:15	TORS for Oropharyngeal Tumors	Fernando Danelon-Leonhardt, Brazil	Roundtable
11:00	11:15	0:15	Future of Robotics in ORN-HNS	Zahoor Ahmad, Newzeland	Roundtable
11:15	11:30	0:15	Use of advanced technologies in head and neck surgery	Jeremy Richmon, US	Roundtable
11:30	12:30	1:00	Robotic neck dissection for head and neck cancer		How I do it
12:30	14:00	1:30	Lunch Break + Prayer		
14:00	15:00	1:00	HPV-Negative Oropharyngeal Squamous Cell Carcinoma : Surgery Versus Chemoradiotherapy	Erwan De Mones Del Pujol, France	Roundtable
			Impact of HPV in the current management		
			Update on HPV-OPSCCA clinical trial	Napadon Tangiaturonrasme, Thailand	Roundtable
			De-escalation therapy in H&N Cancer	Maha Gilani, Kuwait	Roundtable
15:00	15:30	0:30	Era of Advanced TORS Using Single Port Surgical Robotic System	Se-Heon Kim, Korea	Keynote Lecture
15:30	16:00	0:30	Approaches and a critical appraisals of current de-escalation strategies	Nader Sadeghi	Keynote Lecture
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00	TBA		
17:30	18:30	1:00	Surgical Management of oropharyngeal cancers - Neck Management & Lymph Mapping	John De Almeida, Canada	Panel Discussion
Friday, 20th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Oral Cavity/Oropharynx/Nasopharyngeal Ca					
8:00	9:00	1:00	The Changing Trend of Diagnosis and Treatment of HPV Related Oropharyngeal	Sheng-Po Hao, Taiwan	Keynote Lecture
9:00	10:00	1:00	Oral Cavity Cancer Approaches and Management		Roundtable
9:00	09:15	0:15	Tongue cancer surgery, approaches and reconstruction	Hadi Seikaly, Canada	Roundtable
9:15	09:30	0:15	From simple to complex composite oral cavity resections	Antoine Melkane, Lebanon	Roundtable
9:30	9:45	0:15	New strategies for functional preservation in advanced oral cavity cancer	John De Almeida, Canada	Roundtable
9:45	10:00	0:15	Salvage surgery in head and neck cancer - How to optimize oncologic and functional outcome?	Roland Giger, Switzerland	Roundtable
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing		
10:30	10:45	0:15	Controversies in the management of oral cavity SCC	Antoine Melkane, Lebanon	
10:45	11:00	0:15	Discussion		
11:00	11:30	0:30	Contralateral elective neck dissection forN0 in T1/T2 oral tongue SCC,it is ontologically appropriate?	Dr.mohammed alessa	
11:30	12:30	1:00	Challenging cases of Oral cavity cancer	Dan O'Connel, Canada	Panel discussion
12:30	14:00	1:30	Lunch Break + Prayer		
14:00	15:00	1:00	Use of simulation and 3D models to improve teaching of residents in Otolaryngology	Maha Gilani, Kuwait	Keynote Lecture
			Osteoradionecrosis	Radiation Oncologist	Roundtable Discussion
			Treatment of Osteoradionecrosis of the jaw	Benoît Schaller, Switzerland	
			Management of ORN	Roger Moukarbel, Lebanon	
15:00	16:00	1:00	Immunotherapy in head and neck cancer		
15:00	15:20	0:20	Immunotherapy in head and neck cancer	Hadi Seikaly, Canada	
15:20	15:40	0:20	Immunotherapy in the definitive treatment setting	John De Almeida, Canada	
15:40	16:00	0:20	Immunotherapy- Discussion	Medical Oncology, GCC	
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00	Augmented reality and virtual reality in Otolaryngology, Head and Neck Surgery	Jason Y K Chan, Hong Kong	Keynote Lecture
17:30	17:40	0:10	Quality Of Life After Primary Tors Vs Imrt For Patients With Early-Stage Oropharyngeal Carcinoma: A Danish National Randomised Study		Free Paper
Saturday, 21st January, 2023					

Head and Neck Track

***Preliminary Program. Subject to change without prior notice.

From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Oral Cavity/Oropharynx/Nasopharyngeal Ca					
8:00	8:15	0:15			
8:15	8:30	0:15	Brachytherapy for Margin Control in Oral Tongue SCC	Michael P. Hier, Canada	Keynote Lecture
8:30	8:45	0:15	Glands Transfer in Head and Neck	Hani Al Marzouki	Round Table
8:45	9:00	0:15	New Technology	Nicolas Fakhry, France	Round Table
9:00	10:00	1:00	Transoral laser microsurgery	Sylvain Moriniere, France	Round Table
			Transoral robotic surgery		
			Discussion	B B Lorincz, Germany	
			Robotic surgery		
			Q&A		
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Indication for neo-adjuvant chemotherapy in treatment of T4 carcinomas	Radiation Oncologist	Keynote Lecture
11:30	12:30	1:00	Indications for marginal bone resection of the mandible in treatment of oral carcinoma	Benoît Schaller, Switzerland	
12:30	14:00	1:30	Lunch Break + Prayer		
			From Robots to Protons: Contemporary management of oropharynx carcinoma.	Gregory Farewell, USA	
			TOUSS: a reliable alternative to TORS for oropharyngeal and laryngeal tumors	Mario Fernandez, Madrid Spain	
			Robotic-assisted neck dissection: fact or fiction?	Umamaheshvar Duvurri	
			Mentorship in Surgery	Hadi Seikaly, Canada	Keynote Lecture
16:00	16:30	0:30	Afternoon Coffee Break		
Wednesday, 18th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Larynx/Skullbase/Skin					
8:00	9:00	1:00	Diagnostic challenges in sinonasal cancers and their impact on outcome	Ehab Hanna	Keynote Lecture
9:00	10:00	1:00	endoscopic vs. open craniofacial approaches	John De Almeida	Panel Discussion
			Improvements and results of videoassisted base of the skull surgeries	Luiz Paulo Kowalski	Panel Discussion
			Endoscopic resection of sinonasal malignancy/ neuroblastoma/ ACC	Ehab Hanna	Panel Discussion
			advanced endoscopic surgery for paranasal sinus and skull base tumors	Justin Michel	Panel Discussion
			Subcranial approach for skull base tumor resection	Benoît Schaller	Panel Discussion
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Indications, strategies and results of orbital preservation in patients with sinonasal cancer	Ehab Hanna	
11:30	12:30	1:00	Management of Sino nasal carcinoma – questions yet to be answered.	Luiz Paulo Kowalski	
			Skin Cancer Management		Panel Discussion
			non melanoma	Hadi Seikaly, Canada	
			melanoma	Alex Mlynarek, Canada	
12:00	14:00	2:00	Lunch Break + Prayer		
14:00	15:00	1:00	Larynx session		Round Table Discussion
14:00	14:10	0:10	Early stage glottis carcinoma: clinical and radiological assessment	Erwan De Mones Del Pujol	Round Table Discussion
14:20	14:30	0:10	TORS larynx	Maha Gilani, Kuwait	Round Table Discussion
14:30	14:40	0:10	Laryngeal cancers: Open partial laryngectomies	Nicolas Fakhry, France	Round Table Discussion
15:00	16:00	1:00	larynx session	Napadon Tangjaturonrasme, Thailand	Round Table Discussion
			Total laryngectomy: indications and outcomes	Napadon Tangjaturonrasme	Round Table Discussion
			Prophylactic Neck Dissection in NO Advance Carcinoma of the Larynx	Belayat Hossain Siddiquee	Round Table Discussion
15:00	16:00	1:00	Controversies and technological advancement in margin assessment.	Maha Gilani	Round Table Discussion
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00	Early laryngeal cancer management radiation vs surgery	Luiz Paulo Kowalski, maha gilani, Kate Hutcheson, John De Almeida, Radiation Oncology, Antoine Melkane, Erwan De Mones Del Pujol, Fernando Danelon-Leonhardt, nicholas fakhry	Debate
17:30	18:30	1:00	Late laryngeal cancer organ preservation vs surgery	Radiation Oncology, nicholas fakhry, Roland Riger, Napadon Tangjaturonrasme, Ashok Shenoy, Speech and language	Debate
Thursday, 19th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Larynx/Skullbase/Skin					
8:00	9:00	1:00	The scope of organ preservation chemo radiation protocols in advanced larynx cancer in Indian scenario	Ashok Shenoy	Keynote Lecture
9:00	10:00	1:00	TORS Using the Single Port Robotic Surgical System for the TX of Laryngo-Pharyngeal Cancer	Se-Heon Kim	Keynote Lecture
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Salvage neck dissection for clinically negative nodal disease, in era of salvage total laryngectomy, is it oncologically appropriate?	Mohammed Alessa	Keynote Lecture
11:30	12:30	1:00	Tips and tracks for in-office laryngeal injections	Roger Moukarbel, Lebanon	Round Table Discussion
			Laryngeal transplant / reanimation	Nate Jowett	Round Table Discussion
			Office based precancerous and early laryngeal cancer management	Abdullateef Hamdan, Lebanon	Round Table Discussion
12:00	14:00	2:00	Lunch Break + Prayer		
14:00	15:00	1:00	Challenging Cases in Head and Neck Vascular Malformations	Nate Jowett, USA	Keynote Lecture
15:00	16:00	1:00	Management of Head and Neck Lymphedema	Nate Jowett, USA	
			Palliation in Head & Neck cancer.	Belayat Hossain Siddiquee	
			Unknown Primary	Roger Moukarbel	
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00	Neck dissection surgery indications and techniques (surgical videos)	Hadi Seikaly	
16:30	16:45	0:15	Indication for sentinel lymph node resection	Benoît Schaller	
16:45	17:00	0:15	Current Options for Neck Dissection	Fernando Danelon-Leonhardt	
Friday, 20th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Larynx/Skullbase/Skin					
8:00	9:00	1:00	Advanced Cutaneous Malignancy in Head and Neck	Aviram Mizrahi and Illana Doweck	Keynote Lecture
9:00	10:00	1:00			
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00			

Head and Neck Track

***Preliminary Program. Subject to change without prior notice.

11:30	12:00	0:30			
12:00	14:00	2:00	Lunch Break + Prayer		
14:00	15:00	1:00			
15:00	16:00	1:00			
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00			
Saturday, 21st January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme - Reconstruction					
8:00	8:30	0:30	Digital planning and surgical simulation in head and neck bone reconstruction	Hadi Seikaly	Keynote Lecture
8:30	9:00	0:30	Home for dinner! Maximizing efficiency and outcomes in head and neck reconstruction - Keynote	Jeremy Richmon	Keynote Lecture
			Oropharyngeal reconstruction	Roger Moukarbel (Chair)	
9:00	10:00	1:00	Pedicled Flap Reconstruction in Head and Neck Surgery	Allen Feng, Jeremy Richmon, Dan O'Connell, Alex Mlynark	Panel Discussion
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Oncologic and reconstructive head and neck surgery	B B Lorincz	Panel Discussion
11:30	12:15	0:45	Oral Cavity reconstruction	Hani Marzouki (Chair)	Round Table
11:30	11:40	0:10	Reconstruction in patients with advanced oral cancer	Luiz Paulo Kowalski	Round Table
11:40	11:50	0:10	Update on Tongue reconstruction	Jeremy Richmon	Round Table
11:50	12:00	0:10	Local/Regional oral cavity reconstruction	Nicolas fakhry	Round Table
12:00	12:10	0:10	Facial Artery Musculomucosal Flap: Uses and Technique	Nate Jowett	Round Table
12:15	12:30	0:15	Q&A		
12:30	14:00	1:30	Lunch Break + Prayer		
14:00	15:00	1:00	Maxillary Reconstruction	Jeremy Richmon (Chair)	How I Do It
14:00	14:15	0:15	Virtual planning and patient-specific implant in surgical oral cancer treatment	Benoit Schaller	How I Do It
14:15	14:30	0:15	Osseointegration in head and neck reconstruction	Dan O'Connell	How I Do It
14:30	14:45	0:15	Pearls of the scapula tip flap	Jeremy Richmon	How I Do It
14:45	15:00	0:15	Q&A		
15:00	16:00	1:00	Mandibular Reconstruction	Hadi Seikaly - Moderator Panelist - Jeremy Richmon, Roger Moukarbel, Alex Mlynark	
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00	Facial reconstruction		Round Table
16:30	16:45	0:15	Nasal reconstruction	Alex mlynarek	Round Table
16:45	17:00	0:15	Update on Scalp Reconstruction	Jeremy Richmon	Round Table
17:00	17:15	0:15	Local Flap reconstruction of facial defects	Kal Ansari / Roger Moukarbe	Round Table
17:15	17:30	0:15	Temporoparietal Flaps for Otolgic Wound Complications	Nate Jowett	Round Table
17:30	18:30	1:00	TBA		
Wednesday, 18th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme : Salivary Gland/Sialoendoscopy					
8:00	9:00	1:00	Sialendoscopy in 2023 : Where do we stand ?	Francis Marchal, Switzerland	Keynote Lecture
9:00	10:00	1:00	Session 1: Starting sialendoscopy		Symposium
9:00	9:10	0:10	How To Start and Gain Experience	Fiona Chui-yan Wong, Hong Kong	Symposium
9:10	9:20	0:10	Developing a sialendoscopy practice, what can you do in one year	Nora Ulozait-Staniene, Lithuania	Symposium
9:20	9:30	0:10	How to improve further after we start	Michal Zabrodsky, Czech Republic	Symposium
9:30	9:40	0:10	Those things I have learned as a beginner in sialendoscopy	Tsun-Min Lu, Taiwan	Symposium
9:40	9:50	0:10	Tips and tricks after sialendoscopy learning curve	Genor Carlos, Spain	Symposium
9:50	10:00	0:10	Solo Startup Sialendoscopy Practice- Lessons Learned (5 year experience)	Bernie Lyons, Australia	Symposium
10:00	10:30	0:30	Mid-Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Session 2: Sialendoscopy Challenges		Round Table
10:30	10:40	0:10	Epidemiology of obstructive salivary gland diseases	Takeshi Matsunobu, Japan	Round Table
10:40	10:50	0:10	Stones composition & characteristics: scientific evidence	Rohan Walvekar, USA	Round Table
10:50	11:00	0:10	Does saliva composition affect the formation of sialolithiasis	Stine Schroeder, Denmark	Round Table
11:00	11:10	0:10	Decisional tree and LSD classification	Sashi Prasad, United Kingdom	Round Table
11:10	11:20	0:10	Papilla Identification	Jean Michel Lopez, France	Round Table
11:20	11:30	0:10	Local or general anesthesia?	Riita Saarinen, Finland	Round Table
			Fragmentation of stones : How and when ?	Gunther Pabst, Switzerland, Robert Irvine, Canada, Varun Rai, India, Suleyman Ozdemir, Turkey, Francis Marchal, Switzerland	Panel Discussion
11:30	12:30	1:00	Lunch Break + Prayer		
12:30	14:00	1:30	Session 3: Assessing Salivary glands		
14:00	15:00	1:00	What can we achieve with CT scan ?	K Masterson, Switzerland	Round Table
14:10	14:20	0:10	Sonographic evaluation of submandibular swelling	Yolanda Yim Ping Lee, Korea	Round Table
14:20	14:30	0:10	Transoral Ultrasound in the Diagnosis of Salivary Gland stone	Woojin Cho, Korea	Round Table
14:30	14:40	0:10	Sialo-MRI : 20 years of practice	Natalia Dfouni, Switzerland	Round Table
14:40	14:50	0:10	Other methods to assess salivary glands	sebastien Vergez, France	Round Table
14:50	15:00	0:10	Summary : When to use what	Natalia Dfouni, Karen Masterson, Switzerland	Round Table
15:00	16:00	1:00	Session 4: Salivary stones approaches		Round Table
15:00	15:10	0:10	Sialendoscopy-assisted transoral and transfacial approach	Pascale Capaccio, Italy	Round Table
15:10	15:20	0:10	Ductal foreign bodies - commoner than assumed?	Aditya Moorthy, India	Round Table
15:20	15:30	0:10	The mini-incision sialolithotomy approach for large parotid duct stones	Emad Magdy, Egypt	Round Table
15:30	15:40	0:10	Decision making of treatment of submandibular L2/L3 stones	Sk NG, Hong Kong	Round Table
15:40	15:50	0:10	Transcutaneous combined approach for submandibular stones	Aleksandar Anicin, Slovenia	Round Table
15:50	16:00	0:10	Sialoendoscopy-assisted transoral removal of submandibular stones in the transitional region	Shinichi Esaki, Japan	Round Table
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	18:30	2:00	Session 5: Post treatment situation		Symposium
16:30	16:40	0:10	Salivary function before and after combined approaches for L2- L3 submandibular stones	Jean Michel Lopez, France	Symposium
16:40	16:50	0:10	Recurrent sialolithiasis: Facts & Fiction / Myths & Facts	Hasan Hesham, Bahrain	Symposium
16:50	17:00	0:10	How to manage post sialendoscopy ranula	Siu Kwan NG, Hong Kong	Symposium
17:00	17:10	0:10	Complications of transoral surgery	Rohan Walkevar, USA	Symposium
17:10	17:20	0:10	Avulsion of primary branch of Wharton's duct during sialendoscopic basket procedure	Jeong Kyu Kim, Korea	Symposium
17:20	17:30	0:10	Broken Dormia	Dagmar Greger, Austria	Symposium
17:30	17:40	0:10	Combined transcutaneous torn of wire basket tip retrieval from the Wharton's duct	Aleksandar Anicin, Slovenia	Symposium
17:40	17:50	0:10	Challenges and complications in Sialendoscopy	Rashid Al Abri, Oman	Symposium
17:50	18:00	0:10	Recurrent parotid abscess with associated stenosis	Bethan Jones, United Kingdom	Symposium
18:00	18:10	0:10	Transoral surgery and sialendoscopic surgery for submandibular hilar stones in our hospital	Yuichiro Otsuka, Japan	Symposium

Head and Neck Track

***Preliminary Program. Subject to change without prior notice.

18:10	18:20	0:10	When doing what, finally ?	Claudio cernea, brasil	Symposium
18:20	18:30	0:10	Discussion		
Thursday, 19th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
07:00	08:00	01:00	Registration + Morning Coffee		
Theme : Salivary Gland/Sialoendoscopy					
8:00	9:00	1:00	Session 6: Structuring Pathologies		Symposium
8:00	8:10	00:10	An update on salivary function	Camille Beniada, Switzerland	Symposium
8:10	8:20	0:10	Everything you need to know about Sjögren syndrome	Jorg Seebach, Switzerland	Symposium
8:20	8:30	0:10	Radio-iodine parotid sialadenitis: Why should we care ?	francis marchal, switzerland	Symposium
8:30	8:40	0:10	The physics behind the effectivity of stricture dilatation	Shirish Ghan, India	Symposium
8:40	8:50	0:10	sialendoscopy in strictures of salivary ducts and conclusions of two year follow-up	Jaroslav Kaluzny, Poland	Symposium
8:50	9:00	0:10	Combined techniques on strictures: How far should we surgically go ?	Francis Marchal, Switzerland	Symposium
9:00	10:00	1:00	Interest on stenting	Speakers of the session	Debate
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing		
Session 7: Patient evaluation and data collection					
10:30	11:30	1:00	Proposal of a working group for a multi center prospective trial on parotid stricture management -	Robert Irvine, Canada, Jolie Chang, USA, F.Marchal, Switzerland	International consensus conference
11:30	12:30	1:00	Questionnaires for salivary gland pathologies: Can we come to an international consensus ? (International consensus conference)	Jolie Chang, USA, Camille Beniada, Samanta Buchholzer, Switzerland.	
12:30	14:00	1:30	Lunch Break + Prayer		
14:00	16:00	2:00	Session 8: Experiences around the world		
14:00	14:10	0:10	Experience from Argentin	Marta Patrucco, Eduardo Busto, Argentin	Symposium
14:10	14:20	0:10	Combined approaches in sialolithiasis: our Greek experience	Iordanis Konstantinidis, Greece	Symposium
14:20	14:30	0:10	Multidisciplinary approach for the management of multiple submandibular stones	Jeong Kyu Kim, Korea	Symposium
14:30	14:40	00:10	Sialoendoscopy for sialolithiasis- Pitfalls and management - Al Nahdha Hospital experience	Faisal Al Kalbani, Oman	Symposium
14:40	14:50	00:10	Sialendoscopy from Tunisia	Hatem Kooli, Tunisia	Symposium
14:50	15:00	00:10	Our Security Forces Hospital, Riyadh- sialendoscopy experience	Majid Althobaiti, KSA	Symposium
15:00	15:10	00:10	Minimally Invasive Surgery for the salivary gland diseases, our 12 years experience	Takeshi Matsunobu, Japan	Symposium
15:10	15:20	00:10	Outcomes in JRP- 10 years experience	Zahoor Ahmad, New Zealand	Symposium
15:20	15:30	00:10	Juvenile Recurrent Parotitis: role of sialendoscopy	Rashid Al Abri, Oman,	Symposium
15:30	15:40	00:10	The German experience	Jean Christophe Luers, Germany	Symposium
15:40	15:50	00:10	The norwegian experience	Jan Fosheim, Norway	Symposium
15:50	16:00	00:10	The role of sialendoscopy during submandibular gland removal	Olivier Abboud, Canada	Symposium
16:00	16:30	00:30	Afternoon Coffee Break		
16:30	17:30	01:00	Parotid surgery indications and techniques (surgical videos)	Hadi Seikaly, Canada	Instructional Course
17:30	18:30	01:00	Work-up and surgical approach of a malignant salivary gland tumor	Antoine Melkane, Lebanon	Instructional Course
Friday, 20th January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
07:00	08:00	1:00	Registration + Morning Coffee		
Theme : Salivary Gland/Sialoendoscopy					
08:00	09:00	1:00	Salivary gland Neoplasm		Symposium
08:00	08:10	0:10	Salivary gland surgery a new classification	Miquel Quer, Spain	Symposium
08:10	08:20	0:10	Management of malignant salivary gland tumors	Urs Borner, Switzerland	Symposium
08:20	08:30	0:10	Rare malignant salivary gland tumors	Salma Al Sheibani, Oman	Symposium
08:30	08:40	0:10	Management of recurrent pleomorphic adenoma	Urs Borner, Switzerland	Symposium
08:40	08:50	00:10	Salivary Gland Tumours – Diagnostic and Therapeutic Dilemma.	Belayat Hossain Siddiquee	Symposium
8:50	9:00	0:10	Salivary Gland Cancer	Roger Moukarbel	Symposium
9:00	10:00	1:00	parotidectomy	Mohammed Alessa, KSA	How I Do It
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00	Treatment and prevention of Xerostomia	Hadi Seikaly, Canada, Michael P. Hier, Canada, Nicolas Fakhry, France, Urs Borner, Switzerland, Patrick Ha	Panel Discussion
11:30	12:30	1:00	Free Papers		
12:00	14:00	2:00	Lunch Break + Prayer		
14:00	15:00	1:00	Free Papers		
15:00	16:00	1:00	Free Papers		
10:30	11:30	1:00	Management of the neck in salivary gland cancer	Patrick Ha	
11:30	12:00	0:30	Nerve monitoring in parotid surgery	Patrick Ha	
12:00	14:00	2:00	Lunch Break + Prayer		
14:00	15:00	1:00			
15:00	16:00	1:00			
16:00	16:30	0:30	Afternoon Coffee Break		
16:30	17:30	1:00			
Saturday, 21st January, 2023					
From	To	Duration	Topic	Speaker Name	Session Details
7:00	8:00	1:00	Registration + Morning Coffee		
Theme : Salivary Gland/Sialoendoscopy					
8:00	9:00	1:00			
9:00	10:00	0:10			
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing		
10:30	11:30	1:00			
12:00	12:30	0:30			
12:30	14:00	1:30	Lunch Break + Prayer
