SLEEP MEDICINE TRACK

Wednesday, 18th January, 2023

From	To	Duration	Topic	Session Category	Moderator	Speaker Name		
7:00	8:00	1:00	Registration + Morning Coffee					
8:00	9:00	1:00	Management of terrible snoring	keynote session		Yassin Bahgat & Ahmed Bahgat, Egypt		
9:00	10:00	1:00	Simple snoring: diagnosis and management	Roundtable				
9:00	9:10	0:10	Minimally invasive procedures for snoring & OSA			Abdulahdi Aljassim, UAE		
9:10	9:20	0:10	Multi-level radio frequency surgery in for snorers and mild osa			Bhik Kotecha, UK		
9:20	9:30	0:10	Multilevel Radiofrequency Treatment			Vijaya Krishnan, India		
9:30	9:40	0:10	Injection Snoreplasty			Fabio Lorenzetti, Brazil		
9:40	9:50	0:10	EFFECT OF PALATAL BOTULINUM TOXIN INJECTION IN HABITUAL SNORING			Mustafa Shamkhi, Iraq		
9:50	10:00	0:10	What do you do to a snoring patient? Surgery, miofunctional therapy, both?			Manuele Casale, Italy		
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing					
10:30	11:30	1:00	Genetic and pathophysiology of OSA	Roundtable				
10:30	10:40	0:10	The mysterious improvement of OSA during deep sleep			Michel Cahali, Brazil		
10:40	10:50	0:10	Sleep Surgery Beyond anatomy			Eric Thuller, Brazil		
10:50	11:00	0:10	respiratory Endotyping based on polysomnographic data			Olivier Vanderveken, Belgium		
11:00	11:10	0:10	Phenotyping and endotyping in OSA patients: moving toward precision medicine through the "OSA CARD".			Antonio Moffa, Italy		
11:10	11:20	0:10	Floppy eye syndrome-comorbidity in OSA			Mario Milkov, Bulgaria		
11:20	11:30	0:10	Effects of OSA surgery on urinary tract symptoms, sexual functions, blood pressure and CVS inflammatory biomarkers			Philip Hsin-Ching, Taiwan		
11:30	12:30	1:00	CPAP versus surgery for OSA			Debate		
11:30	11:40	0:10	CPAP Therapy, key points for the ENT			Raul Martinez, Mexico		
11:40	11:50	0:10	Effectiveness of surgical treatment in obstructive sleep apnea - EBM view			Carolina Ferraz de Paula Soares, Brazil		
11:50	12:00	0:10	Current evidence for CPAP and surgery for OSA			Michel Cahali, Brazil		
12:00	12:10	0:10	CPAP adherence is affected by sleep-wake rhythm instability			Aya Honma, Japan		
12:10	12:20	0:10	Could OSAS surgery ameliorate cpap compliance?			Manuele Casale, Italy		
12:20	12:30	0:10	Q & A					
12:30	14:00	1:30	Lunch Break + Prayer					
14:00	15:00	1:00	Positional therapy; new devices, results, and side effects	Keynote		Nico DeVries, Netherlands		
15:00	16:00	1:00	The role of the nose in OSA	Roundtable				
15:00	15:10	0:10	Is nasal obstruction to be considered for snoring/OSAS treatment ?			Xavier Dufour, France		
15:10	15:20	0:10	Nasal surgery for sleep disordered breathing			Nicolas Busaba, USA		
15:20	15:30	0:10	New Concept: Nasal Breathing Rehabilitation after Functional Surgery			Raul Martinez, Mexico		

15:30	15:40	0:10	ANALYSIS OF NASAL RESISTANCE IN PATIENTS WITH OBSTRUCTIVE SLEEP APNOEA SYNDROME			Sarrath Rathnaraajan Subramaniam, India
15:40	15:50	0:10	Nasal valve and OSA			Nisreen Museileem, Kuwait
15:50	16:00	0:10	Nasopharyngeal stenosis as a cause for OSA and how to manage			Mohamed Eesa, Egypt
16:00	16:30	0:30	Afternoon Coffee Break			
16:30	17:30	1:00	The nose in OSA; surgical techniques	How I do it		
16:30	16:40	0:10	Nasal reconstruction principles: Beyond surgical limits			Maria Alejandra Pulido, Columbia
16:40	16:50	0:10	Functional rhinoplasty for SBD			Cristian Bachelet, Chile
16:50	17:00	0:10	Inferior turbinoplasty tunneling technique			Mohamed Hegazy, Egypt
17:00	17:10	0:10	COMBINED TECHNIQUE OF DIODE LASER TURBINOPLASTY AND TURBINATE LATERALIZATION FOR MANAGEMENT OF INFERIOR NASAL TURBINATE HYPERTROPHY			Ahmed Baramawy, Egypt
17:10	17:20	0:10	Turbinate reduction using coblation Evac 70			Ahmed Negm, Egypt
17:20	17:30	0:10	Adult maxillary expansion to improve nasal breathing: from open to endoscopic techniques			Stanley Yung Liu
17:30	18:30	1:00	Multilevel surgery versus staged surgery	Panel discussion		
17:30	17:40	0:10	Office procedures for snoring & OSA			Ewa Olsweska, Poland
17:40	17:50	0:10	Multilevel surgery versus staged surgery			Guillermo Plaza, Spain
17:50	18:00	0:10	Basic principles in multilevel surgeries for OSA and their safety			Vikas Agrawal, India
18:00	18:10	0:10	Multilevel surgery versus multi modality strategy of treatment for Osas			Manuele Casale, Italy
18:10	18:20	0:10	Minimal invasive multilevel procedures in OSA: Surgical and Non-Surgical core intervention			Maria Alejandra Pulido, Columbia
18:20	18:30	0:10	Dilemma in management of snoring & OSA			Abdulhadi Aljassim, UAE
Thursday, 19th January, 2023						
From	To	Duration	Topic	Session Category	Moderator	Speaker Name
7:00	8:00	1:00	Registration + Morning Coffee			
8:00	9:00	1:00	Oral Appliances for Treatment of Obstructive Sleep Apnoea- Past, Present and Future	Keynote		Armin Moniri, Sweden
9:00	10:00	1:00	Polysomnography basics for ENT	Roundtable		
9:00	9:10	0:10	Clinical Polysomnography : What a ENT Surgeon needs to know			Dipankar Datta, India
9:10	9:20	0:10	Is there any relation of multiple levels of obstruction with AHI?			Vikas Agrawal, India
9:20	9:30	0:10	Polysomnography reading by ENT			Perla Sepulveda, Mexico
9:30	9:40	0:10	PSG approach to anatomic or non anatomic endotypes			Cristian Bachelet, Chile
9:40	9:50	0:10	UTILIZATION OF WAVEGUARD EEG CAP IN HOME SLEEP STUDY			Fong Yee Lam, Hong Kong
9:50	10:00	0:10	Q & A			
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing			
10:30	11:30	1:00	DISE; with or against?	Roundtable		
10:30	10:45	0:15	controversies in drug-,induced sleep Endoscopy			Andrea Devito, Italy
10:45	11:00	0:15	Does the functional septo-turbinoplasty change the original findings of drug induced sleep endoscopic (DISE) in obstructive sleep apnea (OSA)			Shailesh Khode, UAE
11:00	11:15	0:15	Evaluation Of Sleep Depth During Airway Obstruction with Bispectral Index in OSAS: Including PSG and DISE findings			Hazan BASAK, Turkey
11:15	11:30	0:15	Q & A			
11:30	12:30	1:00	Drug induced sleep endoscopy; what, when and how?	How I do it		
11:30	11:40	0:10	DISE Beyond VOTE			Eric Thuller, Brazil

11:40	11:50	0:10	CORRELATION BETWEEN ADENOID SIZE IN LATERAL NECK RADIOGRAPHY AND DRUG INDUCED SLEEP ENDOSCOPY			Gholamreza Bayazian, Iran
11:50	12:00	0:10	DISE phenotyping in the prediction of non-Cpap outcomes			Olivier Vanderveken, Belgium
12:00	12:10	0:10	The sense and non sense of manouvres during DISE			Nico DeVries, Netherlands
12:10	12:20	0:10	DISE oman experience			Mohamed Al Ajmi, Oman
12:20	12:30	0:10	Paediatric DISE-How I do it?			Palma Benedek, Hungary
12:30	14:00	1:30	Lunch Break + Prayer			
14:00	15:00	1:00	Coblation uses in Sleep surgery; does the end justify the means?	Instructional course		Yassin Bahgat & Ahmed Bahgat, Egypt
15:00	16:00	1:00	Preoperative evaluation of OSA patient	Roundtable		
15:00	15:10	0:10	Physical exam for Obstructive Sleep Apnea patients			Carolina Gutiérrez-Sánchez, Mexico
15:10	15:20	0:10	Work-up of patients who present with sleep disordered breathing			Nicolas Busaba, USA
15:20	15:30	0:10	Approach for proper patient selection to achieve successful sleep surgery			Ali Majeed, Iraq
15:30	15:40	0:10	CT Cephalogram : How does it contribute in OSA Evaluation ?			Dipankar Datta, India
15:40	15:50	0:10	Physical Examination, DISE, Imaging in OSA patients. Why, what is useful and when?			Robson Capasso, USA
16:00	16:30	0:30	Afternoon Coffee Break			
16:30	17:30	1:00	Personalized treatment of OSA around the world	How I do it		
16:30	16:40	0:10	Emerging new home diagnostic tools for a still to underestimate disease: myth or reality?			Manuele Casale, Italy
16:40	16:50	0:10	TORS; our experience in Qatar			Medhat Shams, Qatar
16:50	17:00	0:10	Biomarkers in OSA, the Kuwaiti Dutch project			Abdulmohsen Alterki, Kuwait
17:00	17:10	0:10	customized surgical treatment for OSA patients			Andrea Devito, Italy
17:10	17:20	0:10	Effect and success of multilevel sleep surgery in Obesity; our experience			Mahmoud Ebrahim, Kuwait
17:20	17:30	0:10	Knowledge and attitudes about OSA among ORL trainee and residents in KSA			Khalid Aldilajjan, KSA
17:30	18:30	1:00	Decision making in OSA cases	Panel discussion	Paul Hoff, USA	Yassin Bahgat, Claudio Vicini, Antonino Maniaci, Vikas Agrawal, Robson Capasso
Friday, 20th January, 2023						
From	To	Duration	Topic	Session Category	Moderator	Speaker Name
7:00	8:00	1:00	Registration + Morning Coffee			
8:00	9:00	1:00	TORS for OSAS 2022	Keynote		Claudio Vicini, Italy
9:00	10:00	1:00	Hypoglossal nerve stimulation for OSA	Panel discussion		
9:00	9:10	0:10	HGNS; indications, procedure, outcomes and pitfalls			Paul Hoff, USA
9:10	9:20	0:10	update on Hypoglossal nerve stimulation			Olivier Vanderveken, Belgium
9:20	9:30	0:10	daytime titration of UAS			Madeline Ravesloot, Netherlands
9:30	9:40	0:10	Novel neuromuscular electrical stimulation device for treating snoring and mild OSA			Bhik Kotecha, UK
9:40	9:50	0:10	Future of Neurostimulation			Karl Hormann, Germany
9:50	10:00	0:10	Peri-operative treatment for sleep surgeries			Uri Alkan, Israel
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing			
10:30	11:30	1:00	Palate surgery for OSA; How I do it?	Roundtable		
10:30	10:40	0:10	Barbed reposition pharyngoplasty; how I do it?			Claudio Vicini, Italy
10:40	10:50	0:10	Current technique of lateral pharyngoplasty			Michel Cahali, Brazil
10:50	11:00	0:10	expansion pharyngoplasty – how I perform it			Rafael Malinsky, Brazil
11:00	11:10	0:10	Modified Relocation Pharyngoplasty			Sandeep Bansal, India

11:10	11:20	0:10	Alianza Barbed Pharyngoplasty in moderate to severe OSA patients: our results.			Antonio Moffa, Italy
11:20	11:30	0:10	Q & A			
11:30	12:30	1:00	Tips & Techniques in Palatal reconstruction in OSAS surgery	How I do it		Vijaya Krishnan, India
12:30	14:30	2:00	Lunch Break + Prayer			
14:30	15:15	0:45	Tongue base approaches in sleep apnea surgery	Keynote		Metin Onerci, Turkey
15:15	16:00	0:45	What is new in sleep surgery research?	Roundtable		
15:15	15:25	0:10	MINIMALLY INVASIVE NASAL AIRWAY SURGERY CAN REVERSE ADHD IN CHILDREN WITH SLEEP DISORDERED BREATHING			Peter Catalano, US
15:25	15:35	0:10	Barbed Pharyngoplasty among positional and non-positional OSA			Giovanni Cammaroto, Italy
15:35	15:45	0:10	Lateral wall addressing techniques evolution, why BRP?			Mohamed Rashwan, UK
15:45	15:55	0:10	3d-4K Multilevel surgery setting			Giovanni Cammaroto, Italy
15:55	16:00	0:05	Q & A			
16:00	16:30	0:30	Afternoon Coffee Break			
16:30	17:30	1:00	Hypopharyngeal surgery for OSA	How I do it		
16:30	16:40	0:10	tongue base treatment for OSA			Peter Baptista, Spain
16:40	16:50	0:10	Coblation vs TORS of base of tongue			Guillermo Plaza
16:50	17:00	0:10	Transoral endoscopic coblation tongue base surgery in OSA; resection versus ablation			Rajab Alzahrani, KSA
17:00	17:10	0:10	Laryngeal OSA - a neglected entity			Sandeep Bansal, India
17:10	17:20	0:10	Epiglottis surgery in sleep disordered breathing			Bhik Kotecha, UK
17:20	17:30	0:10	Epiglottic collapse in patients with Obstructive Sleep Apnea - Diagnosis and treatment, Epiglottic Surgery techniques			Itzhak Braverman, Israel
17:30	18:30	1:00	Sleep surgery; How to evaluate success?	Panel discussion		
17:30	17:40	0:10	Long term follow up of OSAS patients			Carolina Gutiérrez-Sánchez, Mexico
17:40	17:50	0:10	Sleep surgery outcomes: from IAH to PhOP			Eric Thuller, Brazil
17:50	18:00	0:10	Avoiding failures in sleep surgery			Anand Raju, India
18:00	18:10	0:10	Unmet needs in sleep surgery			Ahmed Sayed, KSA
18:10	18:20	0:10	IOPI as a tool to predict success after OSA surgery			Guillermo Plaza, Spain
18:20	18:30	0:10	Q & A			
Saturday, 21st January, 2023						
From	To	Duration	Topic	Session Category	Moderator	Speaker Name
7:00	8:00	1:00	Registration + Morning Coffee			
8:00	9:00	1:00	Future of sleep surgery	Panel discussion		
8:00	8:10	0:10	How to identify a myofunctional disorder in our sdb patients			Carlos O'Connor, Spain
8:10	8:20	0:10	Myofunctional therapy in OSA			Guillermo Plaza, Spain
8:20	8:30	0:10	Evidence based surgery for OSA			Ashutosh Kacker, UK
8:30	8:40	0:10	Drug treatment of obstructive sleep apnea - are we dreaming of the magic pill?			Carolina Ferraz de Paula Soares, Brazil
8:40	8:50	0:10	Neurostimulation for OSA: What is next?			Robson Capasso, USA
8:50	9:00	0:10	Medical treatment of OSA			Ahmed Bahgat, Egypt
9:00	10:00	1:00	Pediatric OSA	Roundtable		
9:00	9:15	0:15	Cognitive impairment in children with Adenotonsillar Hypertrophy			Mohammed Gomaa, Egypt
9:15	9:30	0:15	RECALCITRANT PEDIATRIC OSA AFTER T AND A			Srinivas Kishore, India
9:30	9:45	0:15	Non-Surgical Treatment of Children with OSA			Karl Hormann, Germany
9:45	10:00	0:15	Q & A			
10:00	10:30	0:30	Mid- Morning Coffee Break + Poster Viewing			
10:30	11:30	1:00	Perioperative management of sleep surgery	Panel discussion		

10:30	10:40	0:10	Peri-operative management in OSA surgery: Lessons learned		Robson Capasso, USA	
10:40	10:50	0:10	Antibiotic use in sleep surgery; critical relevance		Mohamed Abdelwahab, Egypt	
10:50	11:00	0:10	Comparative Airway analysis in OSAS patients		Vijaya Krishnan, India	
11:00	11:10	0:10	COMPLICATIONS IN OSA SURGERY		Srinivas Kishore, India	
11:10	11:20	0:10	Tools to measure muscle strength in our SDB patients.		Carlos O'Connor, Spain	
11:20	11:30	0:10	Sleep Surgery Complications & Failures		Raul Martinez, Mexico	
11:30	12:30	1:00	Skeletal surgeries for OSA		How I do it	
11:30	11:40	0:10	Maxillomandibular advancement in OSA			Nico DeVries, Netherlands
11:40	11:50	0:10	Maxillary deficiency in OSA			Eric Thuller, Brazil
11:50	12:00	0:10	Impact of MMA on the nose			Mohamed Abdelwahab, Egypt
12:00	12:10	0:10	Combining MMA and hypoglossal nerve stimulation: when and why	Stanley Yung Liu, USA		
12:10	12:20	0:10	SKELETAL SURGERY FOR OSA What an ENT should know	Srinivas Kishore, India		
12:20	12:30	0:10	Q & A			
12:30	14:00	1:30	Lunch Break + Prayer			

* Program are subject to change
